Re: Applicant's Form Identifier: 3-471-2012
Form 471 Application Number: 875948

We're sending this letter to thank you for your recent Form 471 application. Your Form 471 application and/or certification was submitted online or postmarked AFTER the deadline for an application to be considered as filed within the window.

Program rules require us to hold your application pending final review of those applications that were filed within the window. We will post an announcement on the USAC website at www.usac.org/sl once we determine if funding applications that were submitted within the application filing window will fully utilize all the funds available for this Funding Year.

For more information about the processing of pending applications, about funding for applications filed after the close of the filing window or about plans for future funding years, please visit our website or call the Client Service Bureau at 1-888-203-8100.

TO APPEAL THIS DECISION:

If you wish to appeal a decision indicated in this letter, your appeal must be received by USAC or postmarked within 60 days of the date of this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. In your letter of appeal:

1. Include the name, address, telephone number, fax number, and email address for the person who can most readily discuss this appeal with us.
2. State outright that your letter is an appeal. Include the following to identify the decision letter and the decision you are appealing:
 - Appellant name,
 - Applicant or service provider name,
 - BEN,
 - Application number 875948 as assigned by USAC,
 - "Funding Year 2012 Form 471 Postmarked Outside of Window Letter,"AND
 - The exact text or the decision that you are appealing.
3. Please keep your letter to the point, and provide documentation to support your appeal. Be sure to keep a copy of your entire appeal, including any correspondence and documentation.

DUPLICATE LETTER

4. If you are an applicant, please provide a copy of your appeal to the service provider(s) affected by USAC's decision. If you are a service provider, please provide a copy of your appeal to the applicant(s) affected by USAC's decision.

5. Provide an authorized signature on your letter of appeal.

To submit your appeal to USAC by email, email to appeals@sl.universalservice.org. USAC will automatically reply to incoming emails to confirm receipt.

To submit your appeal to us by fax, fax your appeal to (973)599-6542.

To submit your appeal to us on paper, send your appeal to:

Thank you for your inquiry. Please go through the online tips and troubleshooting found here: <http://www.sl.universalservice.org/tipsAndTroubleshooting.htm>. Specifically, make sure you are using Internet Explorer version 6.0 or above to complete the form. All other browsers are not supported. If you are already using Internet Explorer, clear your temporary internet files, close the browser, then open a new browser window and go to "Continue Incomplete" under the Form 471 on the Apply Online page.

If you continue to encounter the error, please call the Schools and Libraries Helpline so that an agent can assist you further.

If you have any further questions, please feel free to contact our Schools and Libraries Helpline at 1-888-203-8100. Please remember to visit our website for updates:

Server Error in '/Form471Expert' Application.

Conversion from type 'DBNull' to type 'String' is not valid.

Description: An unhandled exception occurred during the execution of the current web request. Please review the stack trace for more information about the error and where it originated in the code.

Exception Details: System.InvalidCastException: Conversion from type 'DBNull' to type 'String' is not valid.

Source Error:

The source code that generated this unhandled exception can only be shown when compiled in debug mode. To enable this, please follow one of the below steps, then request the URL:

1. Add a "Debug=true" directive at the top of the file that generated the error. Example:

```
<%@ Page Language="C#" Debug="true" %>
```

or:

- 2) Add the following section to the configuration file of your application:

```
<configuration>
  <system.web>
    <compilation debug="true"/>
  </system.web>
</configuration>
```

Note that this second technique will cause all files within a given application to be compiled in debug mode. The first technique will cause only that particular file to be compiled in debug mode.

Important: Running applications in debug mode does incur a memory/performance overhead. You should make sure that an application has debugging disabled before deploying into production scenario.
